SCHOOL STUFF: THE WEEK OF SCIENCE 2022

This month here at Colegio Miraflores we celebrated the International week of Science and Peace. It is an annual initiative taken by the United Nations (UN), hoping to make people contribute towards the encouragement and promotion of peace across the world.

Here at the school our students from ESO and Bachillerato made several different projects about science. They made a project of the solar system, making models of each planet and giving interesting facts about each one. They also made projects about the theories of famous Physicists and Chemists such as John Dalton, Neils Bohr, Werner Heisenberg and Louis De Broglie.

TEACH US ABOUT: THE POP-STAR AITANA

Aitana Ocaña was born on the 26th June 1999 in Barcelona Spain. She is one of the biggest Spanish pop stars around today.

Aitana began her career in music by sharing covers of popular songs on youtube at the age of 15, and three years later after completing secondary school she auditioned for Operación Triunfo and was selected for series 9 of the show.

After finishing as the runner up in Operación Triunfo, Aitana then represented Spain in the 2018 Eurovision song contest with two songs: Arde which she performed solo and Lo Malo which was performed as a duet with Ana Guerra.

Aitana then embarked on her solo career releasing songs such as: Mon Amor and Mariposas, these being her most popular songs so far in her career.

She has also had successful collaborations with other famous singers such as Zzoilo, Sebastian Yatra, Nikki Nicole and Sangiovanni.

NEWS: ARENTEIRO VS ATLETICO MADRID

The football club CD Arenteiro from the town of O Carballiño, who has a population of just over thirteen thousand inhabitants, will be receiving one of the biggest football clubs in the country: Atletico de Madrid.

The O Espiñedo Stadium will be the location of the Copa Del Rey match to be played on the 22nd December at 9pm. The local team had enough courage to face up against another first division team Almeria in the last Copa game they played, now an even bigger challenge awaits them.

NEWS: POLAND MISSILE

World leaders gathered at the G20 summit in Bali this month, attempting to diffuse a potential escalation in the months-long Ukraine war after a "Russian-made" missile struck NATO-member Poland killing two people.

The missile landed outside the rural Polish village of Przewodow, about 6.4 kilometres west from the Ukrainian border, roughly the same time as Russia launched its biggest wave of missile attacks on Ukrainian cities in more than a month.

The details surrounding the incident remain unclear. It is not known who fired the missile, or precisely where it was fired from.

CLASS INTERVIEW: 2ND ESO

Which is your favourite Workshop?

Our favourite workshops are Personal finance and Makerspace.

Who is your favourite teacher?

Our favourite teacher is our Tutora Maria Arjiz.

Do you have any new students in your class this year?

Yes we do, this year we have 2 new students Samuel and Iago.

Which subjects are your favourite?

The majority of us like Physical Education.

Do you play any sports?

Yes, we play Football and Badminton.

What do you get up to in your free time ?

We play sports, meet up with friends and study.

Who are better Barcelona or Real Madrid?

We prefer Real Madrid!

What day of the week do you enjoy the most ?

That would be Saturday because we play sports and we can meet up with friends

What's your most difficult subject ?

Maths is a difficult subject for us.

Where's your favourite place at school?

The Football field because that's where we spend our breaks.
