## SCHOOL STUFF: MIRAFLORES CHRISTMAS FESTIVAL

At the end of this month before we break off for the Christmas holidays, Colegio Miraflores will be celebrating the festive season with our annual Christmas Festival.

Each class from the kindergarten all the way through to secondary school will be performing a choreographed dance performance.

This year the theme is EU countries, so each class has an assigned country and their performance will be based on that country in some way. In 6th grade (our class) we are dancing to the ABBA song, Mamma Mia, this because our country is Sweden. We can't wait to perform in front of our friends and family, we hope to see you there!

## TEACH US ABOUT: THE VIDEO GAME SPACE HAVEN

Space Haven is a spaceship colony simulator game. It was developed by Finnish indie development studio Bugbyte Ltd and released on May 21st 2020 for Windows, macOS, and Linux computers.

### Description

The Earth is dying, ravaged by decades of calamity.

As humanity abandons its burning homeworld, you and your crew are among the privileged few with access to a temporary haven and a chance at survival.

Build your ship and gather your crew to carry you between the stars.

Choose whether you'll be heroes or villains as you struggle to survive, or watch your ship become a tomb for other, more successful crews to loot.

Whatever happens, it is up to you to chart your course.

Space Haven features a variety of factions that the player will interact with on their journey through space.

Each faction has a storied history and a set of beliefs that determine their attitude toward the player, whether friendly, neutral, or unfriendly.

In order to trade with most factions, the player must negotiate a trade agreement with them.

## NEWS: ARGENTINA'S WORLD CUP.

---

In the 2022 FIFA World Cup Final in Qatar, Argentina and France played one of the most thrilling football matches in the quadrennial tournament's history. It was Lionel Messi and his Argentina teammates that sealed a third World Cup win, and first since 1986, for the South American side, shattering France's dreams of back-to-back triumphs.

## NEWS: CHRISTMAS LIGHTS IN OURENSE

---

The City of Ourense has turned on its Christmas lighting this month, with some changes compared to other years. The tree that is normally located in the centre of the Plaza Mayor this year is located in the Plaza de Bispo Cesáreo. In addition, the decoration on the Paseo will be led by different porticos that will illuminate this central square. The Province's Capital is not the only place to put its Christmas lights to work. Towns such as O Carballiño, Barbadás, Celanova and Ribadavia have also joined in the festive celebrations.
