SCHOOL STUFF: THE MIRAFLORES CARNIVAL FESTIVAL.

This month here at Colegio Miraflores we celebrated the tradition of carnival with a dress up party at school during the afternoon on Friday 17th.

This year our dress up theme was based on important historical figures, it was a great idea and both students and teachers participated. In 6th Primary we all dressed up, some of us as a group as the same historical figure like Cleopatra and some of us as our own unique figures.

A big congratulations to Pablo who won best dressed for 6th Primary, he went as Charlie Chaplan, it was very well done.

TEACH US ABOUT: AVATAR 2

The long-awaited second Avatar film was released in cinemas on December 2022, and it has been a total success.

More than ten years have passed since the first Avatar film, which became one of the highest-grossing films in the history of cinema, and now the sequel is here and it is blowing up the box office. The film, directed by James Cameron, had a budget of 250 million USD, and it is distributed by 20th Century Studios.

It stars Sam Worthington, Zoe Saldana, Sigourney Weaver, and Kate Winslet.

Synopsis

More than a decade after the Na'vi repelled Pandora's human invasion, Jake Sully lives as head of the Omatikaya clan and forms a family with his partner Neytiri and their five children.

The Na'vi people are forced to defend their planet yet again, with the return of the humans who erect a new main base of operations called Bridgehead City to prepare Pandora for colonisation, since the Earth is dying.

NEWS: THE NEW ZEALAND FLOODS.

Regions across the upper North Island of New Zealand experienced widespread catastrophic floods caused by heavy rainfall, with Auckland, the country's biggest city, being the most significantly affected. More than a month of rain had fallen in 24 hours in Auckland on the 27th January affecting 25 suburbs in the city, closed major motorways, and left 6,000 to 8,000 homes in need of damage assessment.

NEWS: EARTHQUAKE IN TURKEY.

A powerful 7.8 magnitude earthquake hit southern and central Turkey and northern and western Syria on Monday 6th february, resulting in widespread damage, 19,400 casualties and more than 70,000 injured.

The earthquake was felt as far as Egypt, Israel, Palestine, Lebanon, Cyprus, and the Black Sea coast of Turkey. There were more than 10,000 aftershocks in the three weeks that have followed. Search and rescue teams were immediately dispatched to the affected area and the national government declared a level four alert to appeal for international aid.
